Re: VPAT status letter and overall Accessibility Statement for ImpactStory, Inc. (DBA Our Research) website and products.

To Whom it May Concern,

This letter is to note that Our Research is still working on its VPAT. We anticipate this being completed mid 2021. In advance of that we have provided information on our Accessibility status through this link on our website - <http://ourresearch.org/accessibility>.

In summary, in order to provide excellent service to all of our users, including those with disabilities, the Our Research websites, products, and services aim to provide an accessible experience for users of all abilities. Our Research has developed our websites and products with accessibility in mind. This Accessibility Statement applies to these tools and websites:

- unsub.org
- unpaywall.org
- ourresearch.org
- Other websites and tools created and hosted by Our Research

Conformance status

Our improvements are guided by relevant portions of the Web Content Accessibility Guidelines 2.0, Level AA and other recommendations. We have included accessibility features such as: navigability without use of a keyboard, text alternatives for non-text content, and assigned language for web pages. Our Research websites are partially conformant with WCAG 2.1 level AA. Partially conformant means that some parts of the content do not fully conform to the accessibility standard.

If you have questions or concerns about the accessibility of our websites, tools, or services, please contact us by sending an email to team@ourresearch.org. Please provide specific details about the accessibility issue, including the web address that may have caused challenges.

Reasonable accommodations

Individuals who need a reasonable accommodation to access Our Research's products and services can make a request via email to team@ourresearch.org. Be sure to include contact information such as an email address or telephone number where you can be reached. Depending on the request, Our Research may need sufficient notice to provide a reasonable accommodation.
